

# **Bengara Manjeswar Fishing Village**

(Manjeswaram Gram Panchayat -Manjeswaram Block)

## ***1.Profile of Bengara Manjeswar***

Bengara Manjeswar fisheries village is spread over six wards of Manjeswaram Gram Panchayat. According to the map provided by the GP and based on the interactions held with the President, elected members of the GP and the Panchayat officials, the coastal wards of this village are 1, 13, 15, 17, 18 and 20.

Towards arriving at the socio-economic profile of the fisheries village, different sources of data like census reports, published documents on coastal area, interviews with the elected members from the geographical constituencies from the coastal area, interactions with the officials from Gram Panchayat, Fisheries Department and other Government departments, Focus Group Discussions with the village community, etc. were considered.

The village has a total of 1593 houses and 1816 households are living there. Among them, 239 are landless or presently living as a joint family. Regarding the housing situation in the village, it is noted that 36.16 percent houses are pucca, 59.95 percent are semi-pucca and 3.89 percent houses are kachha houses. About 81.98 percent of the existing houses in the village have sanitary toilets. Safe drinking water is available to 37.98 percent of the existing houses. Most of the houses in the village (96.99 %) are electrified. It is noted that 610 persons from the fisher folk community are insured with the Fisheries Board (Matsya Board). And 61 persons are covered under the old age pension scheme and 12 persons are covered under widow pension scheme during 2007-08 in this village.

Regarding the community specific facilities, this village has no hospital facility. The village has two LP Schools, one UP School and two High Schools. Fourteen anganawadis are functioning in this village and 11 of them are functioning in its own building. This village has 36 roads of 40.670 km length, 4.1 Km drainage, 18 culverts and 3 bridges. The village has 50 street lights and only ten of them are functional. About the fisheries specific infrastructure and facilities, it is noted that 140 country fishing boats are available in this fisheries village. And a total

of 96 kerosene permits are issued to the fisher folk in this. The village has one fish landing centre. The village has one fish market, seven ice plants and one guide light. The village has an unprotected coastal line of 4.00 Km. Consumption of liquor and narcotic drugs are acute in this village.

The results of situation analysis and needs and requirements are presented in Tables 1 and 2 while the financial requirements are given in Table 3.
